### **The TM Group Named to 2010 President's Club for Microsoft Dynamics for an Unprecedented 20<sup>th</sup> Year**

*The TM Group is recognized by Microsoft for commitment to customers  
and their business success and growth.*

**Farmington Hills, Mi July 12, 2010** The TM Group, a leading provider of Microsoft Dynamics ERP and CRM solutions since 1984, has been named to the 2010 President's Club for Microsoft Dynamics for an unprecedented 20th year. This achievement is a direct result of The TM Group's outstanding dedication to customer satisfaction through the delivery of innovative business solutions for accounting, ERP and CRM. The award-winning partner is one of five original Dynamics GP partners (originally known as Great Plains Accounting) and one of the only partners in the world to have been named to the Microsoft Dynamics President's Club for twenty years.

President's Club for Microsoft Dynamics honors high-performing Microsoft Dynamics partners whose commitment to customers is reflected in their business success and growth. This prestigious group represents the top 5 percent of Microsoft Dynamics partners worldwide. Membership is granted based on their continual, committed efforts aimed at offering solutions that meet the needs of their customers.

"Microsoft is proud to recognize The TM Group for its outstanding sales achievement," said Doug Kennedy, Vice President of Microsoft Dynamics Partners. "This honor is a direct reflection of The TM Group's outstanding group of employees and management team, all of whom should be very proud of this accomplishment. The TM Group plays a very important role in the growth and success of Microsoft Dynamics."

"We are extremely proud to have been named the Microsoft Dynamics President's Club for the twentieth time," says Judy Thomas, President of The TM Group. "This is a momentous achievement for our dedicated team at The TM Group and they were all a very big part of our success this past year. We are passionate about client satisfaction and this award is a direct reflection of our commitment to excellence and quality in everything we do."

### About Microsoft Dynamics:

Used by hundreds of thousands of companies around the globe, Microsoft Dynamics is a line of integrated, adaptable business management solutions that enables you and your people to make business decisions with greater confidence. Microsoft Dynamics works like familiar Microsoft software such as Microsoft Office, which means less of a learning curve for your people, so they can get up and running quickly and focus on what's most important. And because it is from Microsoft, it easily works with the systems that your company already has implemented. By automating and streamlining financial, customer relationship, and supply chain processes, Microsoft Dynamics brings together people, processes, and technologies, increasing the productivity and effectiveness of your business, and helping you drive business success.
